### Article I. TISCA Water Polo – State Championship Bid Information

#### ABOUT TISCA WATER POLO

TISCA Water Polo is part of the Texas Interscholastic Swimming Coaches Association and has been operating the official Texas High School Water Polo State Championship since the 1970's. TISCA Water Polo is an organization of coaches dedicated to the growth of water in the state of Texas. TISCA Water Polo's primary mission is to create an environment to grow the sport of water polo at the high school levels throughout Texas and provide a positive infrastructure for regional and state-wide competition culminating in the Texas High School Water Polo State Championship.

TISCA Water Polo is overseen by an elected Chairperson and Board with representation from the four regions: North Region (DFW Area), South Region (Houston Area), East Region (Houston Area), and West Region (San Antonio/Austin areas).

TISCA Water Polo annually competes in the spring for both high school boys and girls. Competition begins after the high school swimming championship in February and concludes in May at the thirty-two team Texas High School Water Polo Championship. Each Region sends their top four finishers in both genders to the State Championship.

#### ABOUT TISCA WATER POLO – STATE CHAMPIONSHIP

The TISCA Water Polo Texas High School State Championship is comprised of 16 girl's teams and 16 boy's teams. Teams qualify through the four Region Championship tournaments (North, South, West, and East). The top four finishers in each gender from each Region qualify for the State Tournament. The State Tournament will use the current National Federation Rules for the competition and follow all UIL guidelines for eligibility. Exceptions will be specifically stated in the TISCA Water Polo Policies & Procedures and decided by the TISCA Water Polo Board and/or committee.

The State Championship is competed on the first Friday & Saturday of May (exceptions made by TISCA Water Polo Board and/or committee). The tournament is comprised of 44 games over the two day competition with 24 games on Friday and 20 games on Saturday (see State Tournament Schedule below and Appendix of the TISCA Water Polo Policies & Procedures). Two courses playing simultaneously are needed for the competition. Host Responsibilities are listed below and in Appendix of the TISCA Water Polo Policies & Procedures.

The Host of the State Championship shall be based on a rotation between all four TISCA Water Polo Regions (North, South, West, and East). Part of the Host group must be a Region affiliated school or school district. The preferred site of the State Championship shall be aligned with the Host Region Rotation, but bids will be accepted and considered for sites outside the Host Region Rotation but only from high school teams/school districts within the Host Region Rotation (ex: Lamar HS from East Region hosting State Tournament at UT Swim Center). The Host Region Rotation is listed below:
